

The GLOBE Program

Global Learning and Observations to Benefit the Environment

Teacher Certification

Athanasios T. Theodorakopoulos

obtained the background needed to lead a class in performing field and lab protocols and is hereby certified as a Teacher of the GLOBE Program. As a certified GLOBE Teacher, this educator is qualified to guide students of the GLOBE Program in the practice of observing GLOBE environmental conditions, recording of GLOBE measurements, reporting data to the GLOBE database, and using GLOBE Mapping and Graphing utilities to visualize data. These activities will be pursued in the interest of achieving the objectives of the GLOBE Program mission to promote the teaching and learning of science, enhance environmental literacy and stewardship, promote scientific discovery and inspire the next generation of global scientists.
